NOTICE OF INCREASE FOR WATER RATES EFFECTIVE FOR WATER BILLED BEGINNING MAY 2026

Rate increase effective May 1, 2026

Following extensive discussion and careful consideration, the Memorial Villages Water Authority Board of Supervisors approved an increase to water and sewer rates at its April 14, 2026 Board Meeting.

MVWA remains committed to responsibly managing costs, maintaining reliable operations, and supporting a sustainable future. This rate adjustment is necessary to address rising expenses, including the cost of treated water purchased from the City of Houston, as well as other operational needs required to continue providing safe, high-quality drinking water. The increase will also help fund current and upcoming infrastructure projects essential to maintaining the system.

The base (minimum) monthly rate for water and sewer service will increase by \$0.95, from \$19.00 to \$19.95 representing an overall increase of approximately 5%. Updated rate tables are available at www.mvwa.org where customers can also enroll in eBilling and set up automatic payments.

If you have any questions about this rate change, your bill, or other utility-related matters, please contact the MVWA office at 713-465-8318.

Thank you.
